At High Mass, November 7th, 1959, in St. Hyacinth church, Bay City, Miss Peggy Jean Benware and Richard Michalski were united in marriage. The double ring rites were read by the Rev. Fr. Norman Van Poppel. She was given in marriage by her father, Devere M. Benware.

For her marriage, Miss Benware, daughter of Mr. and Mrs. Devere M. Benware of Roscommon, wore a sweeping floor length gown of imported chintilly lace and tulle. It was fashioned with a flattering scalloped neckline and gathered, three quarter length sleeves. The smoothly bouffant skirt featuring insets of the lace was dramatized by a tulle petticoat and a rustling tulle slip.

Her fingertip veil was fastened to a crown of seed pearls and she carried a bouquet of red roses and white carnations.

Miss Barbara Chalette of Bay City was maid of honor and Miss Bernadine Gabon of Detroit, Miss Nancy Sackin of Roscommon and Miss Darlene Kazniarski of Bay City attended as bridesmaids. The bride was dressed in a white silk chiffon over tulle with matching head pieces featuring circular veils. The bouquets were composed of Gardenias surrounded by white Chrysanthemums.

The bridegroom, son of Mr. and Mrs. Edward Michalski of South Jefferson St., Bay City, was attended by his brother Ray Michalski as best man. The groomsmen were Donald Clise, cousin of the bride of Wayne, Mich., and Thomas Herck of Bay City.

A breakfast was held immediately following the ceremony at Harmonia Hall, where a dinner and reception were also held that evening.

The wedding cake held a miniature bride and groom and was served by the bridesmaids from a beautifully decorated table. Mrs. Benware greeted guests in a gray tulle dress with red accessories.

Mrs. Michalski chose a blue lace over tulle with matching accessories. Both mothers wore corsages of red roses.

The bride is a graduate of Gerish-Higgins High School and Northeastern School of Commerce, Bay City.

The young couple left for a week's honeymoon trip to Niagara Falls. For her trip the new Mrs. Michalski chose a gray print with red accessories and wore a corsage of red roses.

They are at home to their friends at 805 28th St. Bay City. Guests were present from Wayne, Hamtramck, Garden City, Warren, Detroit, Standish and Roscommon.

Crawford Co. Families Well Insured

(Special to the Avalanche)

New York, Jan. 11 — Residents of Crawford County have been adding to their life insurance holdings in recent years.

Enabling them to do so is the fact that it is now easier than it used to be to qualify for life insurance and the fact that local people have improved their economic position, making it possible for them to broaden this form of protection.

The result is that the capital amount of life insurance in force in Crawford County has reached an estimated \$6,822,000.

Putting more money into this type of family security is but one of several steps that local residents have been taking to guard their future. Another has been to increase their reserves in the direction of bank deposits and investments.

Figures on the subject, for the county at large and for each of the states are contained in the current Life Insurance Fact Book. They show that the American people have built an enormous financial bulwark in the form of life insurance. It amounts to the staggering sum of \$950 billion, of which \$22,551,000,000 is in the State of Michigan.

Participating in it are 124 million policyholders, or 71 percent of the entire population.

How much does it come to on the family level? In the State of Michigan, the average family has an amount of insurance equal to its net earnings, after taxes, over a period of 17.3 months.

Applying this average to Crawford County, for which latest figures from Sales Management show the disposable income per household to be \$4,184 a year, the average family's ownership of life insurance is an indicated \$4,020.

This compares favorably with the average in 1955, when it amounted to \$3,710 per family.

For all local families combined, it adds up to some \$6,822,000.

The rise in life insurance ownership in the United States has been keeping pace, in a general way, with the growth in the economy. We are sure people have been boosting their holdings. When there is a depression, they sit tight.

Men continue to own the major share of such insurance but women have been rapidly increasing their share of the total in the last decade.

HALF A LOAF...

may be better than no bread, but that would be too dependent. Be sure that your life insurance is sufficient to protect your loved ones. Talk it over with me today.

ALGONQUINS and
Redies

Most people think of Michigan as the automobile state. Our fame as car makers is world wide. It is shown by...

Michigan manufacturers produce 85 percent of all cars, trucks and other automotive vehicles made in the United States, including the output of their assembly plant operations in other states.

All but a handful of the major trade names of the American automotive industry designate products made or originated in Michigan.

Michigan is the home of the automotive "Big Three": Chrysler, Ford and General Motors, as well as the business headquarters for the smaller American Motors Corp.

And it's also the home of Continental Motors of Muskegon, the world's largest manufacturer of internal combustion engines.

While the auto industry is decentralizing its production facilities, to place assembly plants closer to east coast, west coast and southern markets, Michigan continues to be the core area and brain center of the industry. Of the 113 new plants built by automakers since World War II, 44 were built in Michigan, including executive office headquarters and research and testing laboratories.

Primarily centered in Detroit, the motor capital of the world, the automotive industry also reaches into many other Michigan cities... the automaking plants in Dearborn, Flint, Lansing, Pontiac, Wayne, Willow Run, Ypsilanti, Kalamazoo... and the parts and sub-assembly plants in Grand Rapids, Muskegon, Saginaw, Bay City, Jackson, Port Huron, Ypsilanti and many others.

Famed the world over for our manufacture of motor cars, Michigan is also industrially pre-eminent in scores of other ways.

We lead the nation in the production of cereal foods... metal-working machinery... mobile homes... salt... sporting goods... furniture for public buildings... steel springs, window shades... and many other products... and we are the nation's leading builder of ships and pleasure boats.

Our greatest manufacturing industries are those engaged in production of metal products and machinery... processed foods... chemicals and allied products... printed materials and paper products... and, of course, transportation equipment, including boats, buses, trucks, tractors, trailers and automobiles.

From our factories come an amazing variety of more than 2,200 manufactured products, which we can proudly label "Made in Michigan."

We have the world's largest cement plant at Alpena... the world's largest concentration of gray-iron foundries at Muskegon... the largest forge at Detroit... the largest book paper mill at Kalamazoo... the largest horsehide tannery at Rockford.

We have the nation's No. 1 baby foods plant at Fremont, the "Magic Capital of the World" at Colon, whose leading industry is the manufacture of magician's equipment... the nation's only wooden shoe factory at Holland... the world's largest factory for making billiard table and bowling alley equipment at Muskegon... the world's largest pharmaceutical plant at Kalamazoo.

Bay City is rated a major center of the nation's welding machine industry. Marquette is the world's chief producer of charcoal briquettes... Lansing has been called the nation's production leader in drop forging... "F.O.B. Detroit" has become an industrial byword around the world.

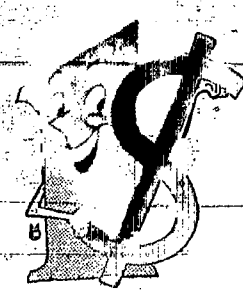

Recently our industries have moved into the space age, with production of Jupiter missiles and Redstone missile boosters at Chrysler's Michigan Ordnance plant near Detroit... guided missile destroyers by Detco Ship Building Company at Bay City... electronic computers by Burroughs Corporation in Detroit... avionics equipment by Lear, Inc., in Grand Rapids... and missiles, communications satellites and space weather recording instruments by Bendix Aviation Corporation in Detroit and Ann Arbor.

A CHAIN IS AS STRONG AS—

How many times have you heard someone say:

"A chain is as strong as its weakest link?"

On the subject of a community's attraction for industry it can be said as fairly that the community is as strong as its weakest link.

A town's pulling power with industry is made up of such links as... labor supply and skills... public facilities and services... schools... all-around livability... reputation for productivity... availability of financing... attitude

toward new industry... treatment of present industry... what present industry says about the community... what people of the community say about each other.

Let us look for weak links and if we find one let's work together to forge a strong one in its place.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

This ad is one of a series published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.

Flimsy As A Spider Web . . .

Some time ago the government filed an antitrust suit against five pharmaceutical concerns producing the Salk polio vaccine. The usual "price fixing" charge was made.

The suit has ended — and ended in a complete and humiliating defeat for the government. The federal judge presiding dismissed the suit, after hearing a wealth of evidence, without sending it to the jury. And his remarks amounted to a biting indictment of the federal agency involved. There was no real evidence, he said, to support the contention that the anti-trust laws had been violated. The charges were based on "suspicion and conjecture." In sum, it was a frivolous case, without merit and it richly deserved the fate it received.

The vaccine manufacturers have thus been cleared and their innocence of any wrongdoing, or even of technical law violations, has been established. Yet, much of the damage done cannot be repaired. As the head of one of the companies involved says: "We cannot help being deeply concerned that reputable business firms can be subjected to this kind of baseless attack. The harm done in terms of damage to public reputation by mere bringing of the suit is incalculable. The waste of company executives' time and the expense of litigating such insupportable charges are deplorable."

It is still more deplorable that a federal agency should conceive of entering a suit and going to court on "evidence" that turned out to be as flimsy as a spider web.

Not So Easy . . .

Some people still think that the price problem can

JOIN AND SUPPORT THE
CRAWFORD COUNTY
MARCH OF DIMES . . .

If we could say a prayer with pictures . . .

...no words could say our prayer as well as the small face of two-year-old Mary Beth Pyron.

This lovely child — shown here with her mother — was born with a crippling defect of the spine. She is one of the 250,000 American babies born each year with congenital malformations. Think of it! — one out of every 16 American babies!

Through the March of Dimes, you helped science find the way to stop crippling by polio.

Now the NEW March of Dimes will help science find the way to stop crippling birth defects — the tragedy no one has wanted to face!

By giving to the NEW March of Dimes you can help save America's children from birth defects, just as they are being saved today from crippling by polio.

easy to be solved — that all you have to do is pass a law. Every year since the Korean War price control legislation has cropped up in Congress, under various guises. And it's dollars to doughnuts that the same thing will happen in the next and succeeding Congresses.

There's just one thing wrong with price control by legal fiat. It has never worked and never will work. It creates more problems, and more serious problems, than those it is designed to solve. It deals with the symptoms of inflation, not with the disease itself. It's as if a doctor prescribed a handkerchief as the solution to a heavy cold in the chest.

Anyone who remembers our experience with price and the related controls following World War II will realize the truth of these statements. The normal processes of production and retail distribution were disrupted. There were shortages of all kinds of commodities. Black markets flourished — at the expense of the honest merchant and the overwhelming majority of consumers.

That's exactly what will happen again — if we are foolish as to think a piece of legislation can do anything constructive about price inflation.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE
FILES OF THE AVALANCHE OF 23 YEARS AGO

January 21, 1937

After several weeks of patient waiting, the weather man has partially come to the rescue of winter sports lovers by providing a light snow fall. The storm started Wednesday forenoon and by noon city snowplows were busy clearing the streets. People coming here this year are going to note a number of excellent changes. Instead of three toboggan slides, this year there will be at least six. Toboggans now will cross the highway and go into the field beyond, going 400 feet farther than last year. A detour highway has been built by the State Highway department in order to keep the route open for regular traffic without interfering with the slides. Many other improvements have been made in the grounds and buildings, especially the two new clubhouses, and plans are made for better service and activities.

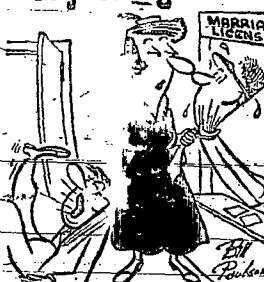

Miss Eleanor Tumath, home economics teacher in Grayling high school, was the unanimous choice of the queen committee for Grayling's winter queen. She is 24 years of age, an excellent skater and in past years has taken an active part in the pleasures of winter sports. She is of the dark brunette type, quite in contrast with the queen of recent years. Grayling's 1937 winter sports park ice throne is the most beautiful and artistic that has ever been shown in Michigan. It is a work of art. It required 1544 cakes of ice weighing 37 tons to build it. The artists were Johnny Deckrow, Grant Thompson and Buck LaVack. Deckrow drew up the design and the others assisted in directing the construction. Thompson planned the illumination.

At about midnight Sunday night fire broke out at the James Buggy

residence located on the corner of Lake and Park streets. It started in the basement near a hot-air pipe, and traveled to the floor above and into a partition and to the attic, where much of the damage was done. Fire Chief Cody says he is unable to determine the cause. The loss, he says, amounted to about \$400. This fire was the first one at which the new fire-fighting equipment was used. In spite of the big start of the conflagration, it was put out in remarkably little time and with a minimum of loss.

At a lovely bridal shower Monday evening, Mrs. Frank Sales announced the marriage of her niece, Miss Madonna Carrievau, and Mr. Robert LaMotte, which was solemnized last summer, and which the young couple have just made known. The bride is the daughter of Mr. and Mrs. James Carrievau of Detroit and has made her home in Grayling for some time. The groom is the son of Mr. and Mrs.

My Neighbors

"Say, you're kinda cute... you married?"

Middle LaMotte. Mrs. Sales entertained her some 27 guests at cards and high scores were held by Mrs. Lottie Tatro and Mrs. Don Reynolds. Pink was the predominating color in the delicious two-course lunch that was served, and following lunch Mrs. LaMotte was showered with many beautiful gifts. Mr. and Mrs. LaMotte are making their home with the bride's grandparents, Mr. and Mrs. John Charlefour.

Judge Charles E. Moore and Sheriff Frank Bennett were elected delegate and alternate respectively at the Republican county convention held in the courthouse Wednesday afternoon, to attend the Republican state convention at Detroit, February 5th.

The Hanson Cafe boys went to East Jordan Tuesday night and were defeated by the independents of that place to the tune of 24-20, coming out second best, as it was told us. The Cafe boys were chaperoned by their sponsor, Sheriff Bennett, but that didn't help matters any as East Jordan showed they weren't afraid of the sheriff by taking the locals into camp.

A few friends dropped in to wish Mrs. Grant Thompson a happy birthday at her home Friday and spent the evening.

The thirteenth child, a girl, was born to Mr. and Mrs. James Brown Friday. Of the thirteen children, 12 are living. The last one, a girl, and four boys. This is a fine, large family.

Kenneth McLeod and Clyde Ketcham spent Monday in Roscommon on business. Betty Parsons, daughter of Mr. and Mrs. Carl Parsons, is studying violin under Mrs. Mozelle Bennett Sawyer of Traverse City. Mrs. Sawyer is a widely known violinist and Miss Betty is making rapid strides under her tutoring. The young lady makes trips to Traverse City twice a week.

Honoring Irene Randolph, a bridal shower was given by Mrs. Axel Larson and Mrs. Byron Randolph at the home of her mother, Mrs. Signe Randolph, Saturday evening. Clever decorations were carried out in pink and green, and mixed flowers entered the table. Twenty-seven guests were present. Out of town guests were Mr. and Mrs. Clarence Larson, daughter Betty and son Jack and Horace Taylor, Detroit. The evening was spent playing games after which a delicious lunch was served by the hostesses. Irene was showered with many lovely gifts.

Mrs. C. G. Clippert entertained her contract club with a very charming luncheon Saturday afternoon. Black candles in a crystal candelabra made an unusual table decoration. Miss Margrethe Bauman held the high score for contract.

By whipping West Branch High Friday to the tune of 31-24, the Green and White secured the win that was needed to bolster courage, reverse the old fighting spirit, and prove to them that they possess winning material. Twenty new toboggans have been added to the equipment at the winter park, making a total of 70 toboggans ready for use of the public.

For the first time in its 25-year history, the Michigan State Speed Skating championship competition will be held outside of Detroit, to form a feature of the third annual Alpena winter sports carnival being held there January 21 to 24.

Mr. and Mrs. Russell Robertson have moved into the Wythe apartments.

Mrs. Vern Wallace of Frederic slipped on the icy walks in front of her home Wednesday evening and had the misfortune to break her arm.

The Avalanche is pleased to acknowledge receipt of a certificate of membership in the Half Century Club, sponsored by The American Press, an independent magazine for the makers of newspapers.

40 YEARS AGO

January 22, 1914

It was hard to say whether the Cuthbertson-Thornton match at the opera house last Friday night or the widely known "Dummy" Maxson, was the greatest drawing card. George Belanger was the referee.

Enil Kraus is attending the automobile show held in Detroit this week.

Miss Lucille McPhee was very much surprised Thursday evening when ten of her girl friends came in and helped her celebrate her birthday.

J. K. Bates left this morning for Detroit and expects to also visit relatives in New York before he returns.

Born to Mr. and Mrs. Bernhard Soranson, on Thursday, a girl. The marriage of Henry Mapes to Miss Florence Sweez took place on Saturday evening.

The Misses Bernadette Tetu and Hattie Gierke were guests of Miss Pearl LaLonde at Roscommon Friday, attending the basketball game between Frederic and Roscommon.

Floyd Goshorn and family have located at Frederic for the winter. Mrs. J. Douglas entertained a few friends at a dinner party on Tuesday evening. After the dinner, at the request of some of the guests, she sang a number of her old time favorite songs, some that she had learned more than 40 years ago. She plays her own accompaniments, and it is very remarkable the way she remembers the verses, and the pleasing manner with which she sings them.

A letter from Alvin LaChapelle written from Necedah, Wis., says that himself and bride are well and happy. He was married to Miss Fannie Worden of Necedah, at the home of the bride's mother, on December 31.

WORTH MORE BECAUSE THEY WORK MORE

Chevy's new torsion springs and Sturdt-Bitt design are changing everybody's ideas about how much work a truck can do. Last year's schedules are out — Chevrolet trucks ride faster over the rough runs to get in more trips a day! Big repair bills are no longer a problem — Chevrolet trucks soak up punishment that means downtime to other makes! And trade-in time's put off for extra thousands of miles — 60 Chevrolet trucks stay new like never before!

New Dollar-Saving Prices
Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions — all are lower priced. Prices have also been reduced on all optional V8's.

New Torsion-Spring Suspension
Eliminates I-beam shimmy and wheel fight! With torsion springs up front there's a brand-new, smoother, easier handling feel behind the wheel. New rear suspensions include wide-based coil springs in most light-duty models; tougher variable-rate leaf springs in medium- and heavy-duty models.

Electronically Balanced Wheels
Front wheels and tires are balanced at the factory. Helps make that new ride revolutionary!

New Cabs — Wider, Safer, More Comfortable
Many models are a whole 7 inches lower (without sacrificing road clearance), so it's easier to hop in and out of cabs. Still there's more space inside: more room for hats and hips, more foot room with suspended pedals. Cabs are safer, too; new build makes them 67% more rigid.

Plus Improvements
Rit Through the Line
A new steering linkage system that cuts vibration, means better control. There's new V8 efficiency. Sizes long famous for saving. New key-turn starting. Higher, wider visibility. Talk to your Chevrolet dealer about the world's most advanced trucks.

Spotlight Falls on Sabin And Live Virus Vaccine

Dr. Albert Bruce Sabin, whose name has made front page medical news in the past few months, has traveled a long way since his childhood.

For the first 15 years of his life he lived in depressing poverty in Bialystok, Imperial Russia. The chances that he would ever emerge from this obscurity were dim indeed.

Million Dollar Research

Today, however, he is known as one of the leaders in the long, often discouraging battle against polio. His specialty is the development of a vaccine made of strains of viruses "killed" to give immunity against polio, though they have lost their power to paralyze.

Dr. Sabin's medical research ability was early recognized by The National Foundation, parent organization of the New March of Dimes. As far back as 1940, he received his first research grant, often subsequently renewed. The total sum now stands at well over a million dollars.

During the last two summers, the sudden reappearance of the epidemic form turned the national spotlight on the live-virus vaccine. Salk vaccine, produced by killing the virus with chemicals, was also developed under March of Dimes grants. It brought high protection to millions. But other millions remain unprotected. The vaccine is still in the experimental stage. Whole areas remained "vaccination soft spots" vulnerable to epidemic attack.

Vaccine in Candy

Now reports began coming in that the live-virus vaccine was almost 100 per cent protective and gave immunity that could last a lifetime with only one dose, taken orally in syrup or candy. It was cheap, could be distributed easily and was infinitely easier to administer than Salk injections. More field trials and licensing by the U.S. Public Health Service are needed, however, before live-virus vaccine can be widely used.

Obviously Dr. Sabin's con-

Dr. Albert B. Sabin, who developed a live-virus polio vaccine, points to the area in eastern Europe where mass field trials have been held. He is shown with Dr. Thomas M. Rivers, vice president for medical affairs for The National Foundation, parent organization of the New March of Dimes, which financed the live-virus vaccine research.

tributions to the nation's health will give him a ranking position among research scientists. Here are a few outstanding dates pin-pointing his successes:

1921: Young Sabin and family managed to immigrate to the United States. He lived in Paterson, N.J., where he attended high school.

1931: At New York University's medical school, he started his first research effort. He found that a skin test, then thought to indicate polio susceptibility, wasn't valid.

1935: Joined the research staff of the Rockefeller Institute, doing basic research on the poliovirus. A year later he and Dr. Peter K. Oltzky found a way of growing the virus in test tubes on nervous tissue, a major break-through.

1939: Transferred to the University of Cincinnati's College of Medicine where he performed many autopsies on persons who had died of polio. Established conclusively that

Lovells Notes

By Emma Sullivan

Mr. and Mrs. Bitters of Detroit enjoyed a few days at their home on the North Branch.

Rev. and Mrs. Metzler and family of Houghton Lake were dinner guests of Mrs. Ruth Caid Sunday.

Mrs. Fred Koernke, Mrs. Sophie Koernke, Mrs. Louise Haefka and Mrs. Margie Harwood, attended the P. T. A. meeting at Frederic, Monday evening.

Mr. Fred Koernke spent a few days in southern Michigan on business.

Jack Venus has been under the doctors care, with infection in his hands. We hope he is much improved.

Lake Margrethe

By Marjorie Flower

Mrs. Lulu Shaw is moving back to her cottage at the lake this week.

Mrs. Edward Mason spent most of last week at her cottage, and left Friday for the farm at Glen Arbor where she is living with her son Frederick.

Mrs. Nell Stone of Freehold was a weekend guest of Mrs. Stan Flower.

The Van Smiths, who are now in Clearwater, Fla., called on some of their Lake Margrethe friends, including the E. J. Birdsall at Palmetto, Florida.

Glad to hear Jerome Strong is now on the mend and soaking up some of that Florida sunshine. Congratulations, Jerome, we all wish you well.

Mrs. Frank Snider has received word that Mrs. Henry Mastenbrook has been ill since about the 1st of December, and recently underwent surgery in South Florida Baptist Hospital in Plant City, Florida. Cards addressed there or to their home at Riverview, Fla., will reach her.

LEGAL NOTICES

STATE OF MICHIGAN

The Probate Court for the County of Crawford

At a session of said Court, held at the Probate Office in the City of Grayling in said County, on the 15th day of January A. D. 1960.

Present, Honorable Beulah Neafie, Judge of Probate.

In the Matter of the Estate of Ethel Cooper, Deceased.

It appearing to the Court that the time for the filing of claims against said estate should be limited, and that a time and place be appointed to receive, examine and adjust all claims and demands against said deceased by and be-fore said Court, and that 2c legal heirs of said deceased entitled to inherit the estate of which said deceased died seized should be adjudicated and determined.

It is Ordered, that all of the creditors of said deceased are required to present their claims in writing and under oath as provided by statute, to said Court at said Probate Office, and to serve a copy thereof either by registered mail or by personal service upon Sam Gust the fiduciary of said estate whose address is Grayling, Michigan on or before the 28th day of March A. D. 1960, at one o'clock in the afternoon, said time and place being hereby appointed for the examination and adjustment of all claims and demands against said deceased and for the adjudication and determination of the heirs at law of said deceased at the time of her death entitled to inherit the estate of which the deceased died seized.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order once each week for three successive weeks previous to said day of hearing, in the Crawford Avalanche, a newspaper printed and circulated in said County.

BEULAH NEAFIE
Judge of Probate

Maple Forest

By Miss Beulah Neafie, Mrs. Arthur Neafie and Mrs. Carro Baynham

Neil Plagens of Chicago has been spending a few days visiting his parents, Mr. and Mrs. Arno Plagens. He left Monday to return to his work as airline reservation and ticket agent.

On Friday evening, Mrs. Arno Plagens, son Neil daughter Sharon, Mrs. Opal Hamblin and Janet and Buddy and Mrs. Ronnie Larson went to Mt. Pleasant to see Donald Plagens act in a play at CMU.

Mrs. Ronnie Larson and daughter Vicki are staying with her parents, Mr. and Mrs. Bert Plagens while Ronnie is attending school in Colorado for a couple of months.

Lee Weaver, son of Mr. and Mrs. Dohn Weaver, is home with his parents, now that he's out of the Army service, having been stationed in Germany.

Ted Baynham attended a Speedway meeting and banquet at Indian River on Tuesday evening. Mitch Thompson and Jack Smith are employed weekends at Mount Frederic Ski Club.

Frederic News

By Mrs. Harry Horton

Mr. and Mrs. John J. Rowell of Lansing spent from Monday to Thursday last week at the Harry Horton home in Frederic, coming to see the former's mother, Mrs. Horton, in Mercy Hospital, following surgery.

The Underground Forest All-Stars lost to a top Class A team from the Recreation Association League of Bay City last Saturday. The team that has played together for eight years, and has played the best teams in lower Michigan. With the score 50-50 with two sec-

onds to go, the Recreation team came in with a long shot to close the score 52-50 in their favor. They rated the All-Stars as one of the best they have played in a long time. On Saturday, the 23rd of the All-Stars will meet a very fine team from Manalapan. On January 30th they will meet another A team from the Recreation Association of Bay City. Referees will be Bud Smith and Murel Fisk. Basketball at the finest to keep the fans on the edge of their seats.

The Bill Tobins have taken Max to Ann Arbor for another operation if necessary to put a plate in where skull fragments were removed at the time of his head injury last spring.

Miss Edith Payne of Flint spent the weekend with her mother Mrs. Edith Payne.

Mr. and Mrs. Kenneth Allen returned home on Wednesday after spending two weeks visiting relatives in Detroit, Royal Oak, Lansing and Newaygo. They also attended the wedding of their niece, Miss Nellie Wolff to Raymond Dunaway at the Trinity Reformed church in Inkster, Michigan, on January 2nd.

The Mom's Club will hold their regular monthly meeting at the Town Hall on Thursday evening, January 21st at 8 p. m. All members are urged to be present.

HOBBY CLUB NEWS

Hobby Club was held Thursday night, January 14th, at the home of Mrs. Betty Sajdak. There were 20 members present. During the evening a stork shower was held in honor of Mrs. Kathy LaVack. She received many nice gifts. Next meeting will be held January 28th at the home of Mrs. Arla Stephan.

LANSING Observer

By FRANK G. MORRIS

Bleeding and battered by their 11-month free-for-all, legislators and Gov. Williams staggered to their feet for another round and suddenly heard carols singing an ancient promise of peace on earth and good will to men.

They could not betray the Spirit of Christmas by kicking Santa Claus in the teeth.

So for this merry Christmas, Michigan has a new tax package tied with solid old string instead of bright ribbon—but welcome nonetheless.

In this year of political cut-throats, the pink-cheeked gentleman in the red coat and white beard turned out to be Senator Frank Beadle, of St. Clair, chairman of the Republican caucus.

Because of the faith shining in his eyes and the longing hope in his voice, Beadle caught both Republicans and Democrats by their hearts.

Beadle talked with Gov. Williams while hymns of peace rang through Lansing from loud speakers at the top of the National Bank Tower. He had a strange presumption that for a few hours, at least, they were humans seeking understanding instead of party advantage.

Santa Was Busy Beadle

The GOP leader then went individually to Republican Senators who have been accused of stubbornness because they were fighting desperately for a principle in which they sincerely believed.

He pleaded next with Democrats in the corridors and in committee rooms and found them willing to listen.

So the break came on an evening that was exactly seven evenings removed from the glowing night when the promise of brotherhood is renewed throughout all Christendom.

It could not have come earlier. The legislators of both political parties had fought too long and too great a cost to bargain to have surrendered before the final hour when there was no alternative except disgrace for all.

The lawmakers had finally reached the point of no return. No one is proud of the temporary tax package.

The new tax on cigars, cigars and tobacco will be returned. The levy on whisky could be justified if it produces a little more temperance.

But the three per cent telephone tax will cost the people another \$3 million or more than many can ill afford.

Selling the \$50 million worth of U.S. government bonds for \$40 million will anger war veterans.

And the \$13 million-a-year boost in the corporation privilege fee is a blow for industries already staggered by high state taxes.

It Stopped An Income Tax

But the big point of the compromise, transcending all of the annoyances and grumbling the new taxes will produce, is that Michigan is not being burdened with an income tax.

After years of battling Gov. Williams lost the main objective of his career—the levy that was intended to shift most of the cost of government to the corporations that already are struggling to survive in this state of skyrocketing labor costs.

Yet corporations are being hit hard by the new tax legislation. This point has not been made at too great a cost to bargain to have surrendered before the final hour when there was no alternative except disgrace for all.

The final package included a \$13 million boost in the privilege fee. This \$21 million blow hit corporations on the very day when business men filled the municipal court room in Battle Creek to testify to the Senate Tax Committee that the cost of operating in Michigan has reached the breaking point.

They claim the high cost of doing business, and the pyramiding production costs forced on them by the UAW. Senator Carlton H. Morris, of Kalamazoo, chairman of the committee investigating job opportunities, and Senator Clyde Gerding, of Holland, chairman of the tax committee, were so impressed by the testimony they would not listen to Senator Beadle in his role of peace-maker.

Both voted against the corporate privilege fee increase. And next day Dr. Dwight Yantema, Hope College economist who has spent two years comparing Michigan business taxes with the 16 states in other industrial states reported that the tax load here is a double that of Ohio, Indiana, New York, New Jersey, Penn., Virginia and Wisconsin.

This inquiry was completed before the legislature added another \$21 million in business levies.

On January 3rd our visiting minister was Elder McCool from Kalkaska.

Choir practice is continuing nicely under the leadership of Pastor Jay Doty, with good attendance. They are preparing an Easter Cantata to be given in April.

The Women's Department met at the home of Mrs. Searles Vandenberg last Thursday at 1 p. m. Refreshments were served following the meeting.

The Zion's League is planning a sleigh ride for later in the month. Last Sunday's sermon was on "Stewardship," by Norval Stephan. This coming Sunday is the District Conference at Gaylord. All members are urged to attend.

BITS O' TALK

The Carl Kellogg family is spending the winter in Pontiac. Mr. and Mrs. Harold Baker (Brenda Kellogg) are the parents of a son, Harold Eugene Baker III, who was born on January 12th. The Bakers have made their home in Pontiac for some time.

Mr. and Mrs. John Henkel of Mt. Pleasant spent the week-end with her aunt and uncle, the Earl Madsens and daughter Pat. They enjoyed a very successful week-end of ice-fishing on Lake Margrethe.

Mr. and Mrs. Edward Hallman and son Dale of Saginaw visited Mrs. Hallman's sister and family, the Sam Lippards and Richard, for the weekend.

Mr. and Mrs. L. W. Huntington of Eaton Rapids visited their daughter and family, the Bill Josephs, last Wednesday and Thursday.

Mrs. Lewis Stillwagon, Mrs. A. J. Sorenson and Mrs. B. E. Henig left Tuesday morning for Gaylord to attend ski-week at Hidden Valley. The ladies husbands were to join them Thursday and Friday.

For Stampify TV phone 5221, or Grayling Oil Co., 3421.

Little Miss Denae McEvers was three years old Sunday, the 17th, and her parents, the George McEvers' were hosts at a dinner party to celebrate the event. Guests were Mr. and Mrs. Bernard Hall, Mr. and Mrs. Ernest Hale and son Bob, Mr. and Mrs. Marius Rogalla, Russell Villed, Mr. and Mrs. Harry McEvers and Pat and Mike, and Mrs. George Worthey. Denae received a great variety of gifts, and the guests enjoyed a truly delicious dinner, with the traditional birthday-cake-and-ice cream to top it off.

Mrs. Ann Dobbyn is convalescing at the home of her sister, Mrs. C. R. Keyport.

Mercy Hospital Auxiliary met last Thursday at the regular time, but only a very light attendance was on hand, as many of the members were attending funeral services held that afternoon.

Mr. and Mrs. Raymond Elsey and children of Detroit came up to spend the weekend with her parents, Mr. and Mrs. Don Wood. Both the children developed Asian flu while here, so the family could not return home at the time planned.

Bob Lovely and James Klein of Bay City were home to visit their parents, the Richard Lovelys and the Robert Kleins, Saturday and Sunday.

Mrs. Paul Dosch was called to Allenville in the U. P. last week on Wednesday, due to her father, Ben Loetz, suffering a heart attack which proved fatal the following day. Dr. Dosch and the children joined Ben Loetz on Thursday. Funeral services for Mr. Loetz, who was 58, were held Saturday at Moran. Mr. and Mrs. Larry McNamara and Mr. and Mrs. Art Crouch attended the services.

Mrs. Bruce Smith organized a surprise birthday party for Mrs. Jack Trudgeon Saturday night. Several couples gathered at the Trudgeon home for an evening of games, followed by lunch and a beautifully decorated birthday cake. Mrs. Trudgeon received a nice gift from the group.

Mr. and Mrs. Clyde Smith of Mancelona visited their sons and families the Bruce Smiths, and the Bud Smiths, Sunday afternoon.

Mr. and Mrs. Steve Sirel and family of Seney were overnight guests of her sister, the Harold Drakes, Friday night, and all went to Flint Saturday and spent the weekend with the ladies' brother, the Bruce McArthur.

Perhaps you have noticed the soft music which enchants patrons of the Grayling State Bank nowadays. It was installed around Christmastime in cooperation with the Grayling Radio and TV. So far as we know, no other bank in the area provides such an "extra" for its patrons.

Girl Scout News

January 14, 1960

This week the younger girls had a test on what they have learned during this time so they can get their Tenderfoot and Second Class Badges. The older girls are going to start on the badges they want to work on in Adventuring in Arts for their First Class Badge. There were 28 girls, and 3 leaders present. We decided we would have our bake sale January 23rd at the Grayling Mercantile Company. We had flag ceremony and dismissed.

Patsy McEvers, Sec'y.

FOR AND ABOUT TEENAGERS

What Can You Do When Parents Say 'No'?

By C. D. Smith

THIS WEEK'S LETTER: "I am a girl 14, going on 15. My mother lets me go with this one boy and I don't like him much because he doesn't call or come to see me like he used to. He said he still liked me and there is a boy that likes me and he calls me a lot and wants a date. But I have to turn him down because mother won't let me go with him. She said that he was not nice and that I had to go with this other boy. What should a girl do when her mother is like that?"

OUR ANSWER: Respect your mother's wishes, and, more impor-

tant—her judgement. You can be certain of one thing. Your mother has her reasons for not allowing you to date this particular boy and is acting in your best interest when she says "no."

The fact that your mother is willing to let you date this boy who gets the "stamp of approval" seems proof enough that she has no objection to your dating the right kind of boy—one of good character and good reputation.

In reading letters from teenagers every week, we find they have two principal problems. (1) Their parents will not allow them to date at

all or (2) their parents insist on "choosing" their dates or friends for them.

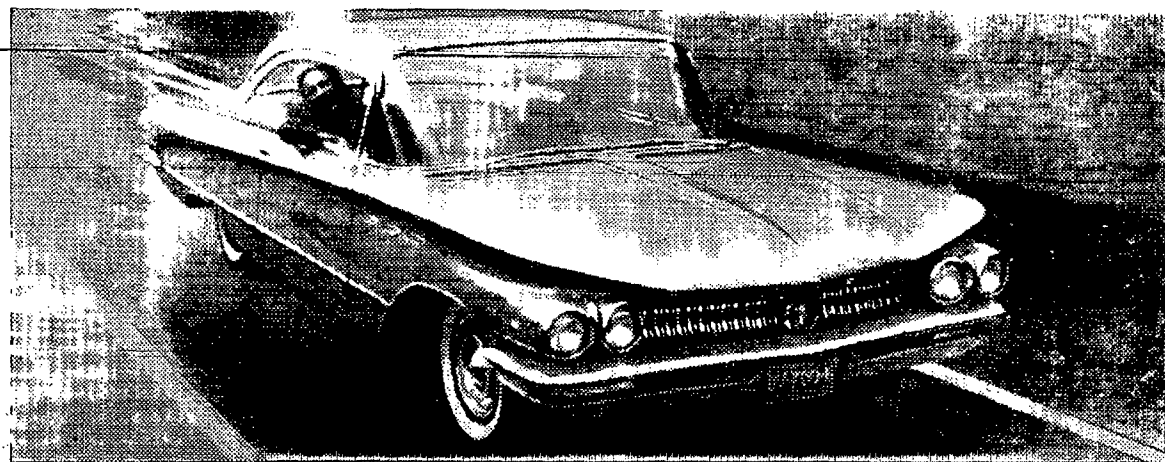

As we have said before, we don't think it is possible to set an age, say 16, and say that a teenager is "old enough" to date. Too many things have to be considered where individual cases are concerned.

Perhaps some parents try to "choose" their children's dates and their friends. The majority, however, don't "choose"; they merely insist that their children select friends and dates who are of good character and reputation. When they turn "thumbs down" on a particular boy or girl they usually have an excellent reason for doing so.

ADDITIONAL SUGGESTION: Young lady, don't let any boy "bowl you over" by constant attention and telephone calls. It's flattering, sure—that's why he operates that way. Only by keeping a level head can you determine if he is the type of boy you want to "date" and to have for a friend.

If you have a teenage problem you want to discuss, or an observation to make, address your letter to FOR AND ABOUT TEENAGERS, NATIONAL WEEKLY NEWSPAPER SERVICE, FRANKFORT, KY.

TAKE A T... THE TURBINE DRIVE BUICK '60...

Turbine Drive* gives you the smoothest flow of power in any car today. No lag, no lurch, no click in a Buick... just a steady flow of power under your control at all times. Other automatic transmissions shift gears "ready or not", but when you put your Buick in "Drive", no gears ever shift. And Turbine Drive saves you money because it stays smooth without adjustment.

Buick's superior brakes stop better and last longer because their unique design prevents dangerous heat build-up. All brake drums are finned and front drums, where up to 80% of the braking is done, are aluminum—get rid of heat much faster than ordinary drums. See your Buick dealer today and learn for yourself how exciting it is to drive this beautifully-built quality car.

*Optional at extra cost on LeSabre, standard on Wildcat and Electra

WASHINGTON AND "SMALL BUSINESS"

By G. WILSON HARPER

A nationwide poll of the nation's independent businessmen by the National Federation of Independent Business reveals that almost 60 percent of the nation's small business owners are under the pressure of high wage scales, union feather bedding, and income taxes, a large part of which is paid in all manners of foreign give away schemes, the foreign maker is unhampered.

This bill is a move to ward, making one of the most critical national problems of the times.

Over the past 20 years, C. W. Harper, president of the State Dept. U. S. system of protective tariffs has been steadily undermined, with a result that has suffered severe economic dislocations.

The maximum effects of these dislocations has not yet been felt except in certain distress areas. There seems little doubt that the artificial economic barrier of heavy defense spending, plus wide world bonding, has disguised full seriousness of situation.

The fields of textiles, chemicals, and others, have long been hard hit. Now it develops that the domestic activity of small American hardware firms has been severely curtailed.

In order to survive as business entities at all, many of the best known and respected small American hardware firms have now become importers rather than manufacturers.

It is quite amazing what can be accomplished by cheap labor. The retail prices in many imported hardware items are as much as 50% less than U. S. manufacturing costs.

While the American manufacturer is under the pressure of high wage scales, union feather bedding, and income taxes, a large part of which is paid in all manners of foreign give away schemes, the foreign maker is unhampered.

Supervisors' Proceedings

JANUARY SESSION 1960

Meeting of the Board of Supervisors for the county of Crawford held in the court house in the city of Grayling, January 11, 1960.

Meeting was called to order by the Chairman, Wm. T. Miller. Roll called, by Townships and city.

Marching Mothers to Collect Facts, Funds

"If you can answer no to the questions inside, be thankful! If you must answer yes, take hope!"

American mothers will carry this message to over 30 million homes this month. The mothers, volunteers in the annual Mothers' March for the New March of Dimes, will be seeking information and support for The National Foundation's fight against birth defects, arthritis and polio. These crippling, initial targets in The National Foundation's campaign to prevent crippling diseases affect the lives of one of every four American families.

Two Million in March

An estimated two million women will join the nationwide mothers' appeal for facts and funds. In most communities the mothers will march Thursday evening, Jan. 28, bringing to a climax the New March of Dimes January campaign.

The mothers will present each household with a copy of "Door Count," a concise fact-finding folder in which a family may indicate if any of its members has a birth defect, arthritis or polio and how many have had three or more Salk vaccine shots. Each family record will be confidential.

Salk Shot Reminder

The Mothers' March door count will focus family and community attention on the majority of Americans still without Salk shot protection against paralytic polio. It will remind the unvaccinated to start shots in time for summer polio protection and it will help communities plan local programs to further encourage

1. Does anyone in this household have arthritis?	2. Has anyone in this household been with a disease?	3. Has anyone in this household had polio?	4. How many persons live in this household altogether?	5. How many persons in this household have had 3 or more Salk polio shots?
YES	YES	YES		
NO	NO	NO		

If someone in your family has a disease, please do so. Thank you for your help.

NAME _____

ADDRESS _____

CITY _____ STATE _____

This questionnaire will go to more than 30 million homes in every part of the country to provide information about crippling diseases that affect one of every four American families.

the widespread use of Salk vaccine.

Although the house-to-house poll is in no way planned as a statistically valid survey, the sum of information taken in the door count will provide a working estimate of the number of persons suffering from arthritis; the number born with birth defects and the number who have been victims of paralytic polio. This tabulation will help guide National Foundation county chapters in formulating local programs to aid the disabled.

Mothers making the house-to-house door count will also seek contributions to the New March of Dimes for its attack on birth defects, arthritis and polio. The New March of Dimes is combating these disabling disorders with the same effective weapons used to conquer paralytic polio: medical scientific research to find cures, cures, preventives; patient aid for medical care; and training for medical workers needed to treat the sick and disabled.

Two million mothers like this one will conduct a house-to-house door count this month seeking information and support for the New March of Dimes campaign against birth defects, arthritis and polio.

MRA Photos — Mackinac Island, Michigan

Congratulations, Thomas! Also

"Our Two Weeks at Great Lakes." By Marshall Atkinson, SR and Dan Felling, SR. "We arrived at Great Lakes on Sunday, 20 December at 1030 in the morning. When we arrived there we had to get organized as to where we were supposed to stay, and get acquainted with the Company Commander, and with the other guys that had come to the Camp. The first week that we were there we had to put our uniforms in the right places in our lockers. Then we were issued firearms to each person for drilling. The second week we started to go to classes for the test at the end of the training. One of the things that we didn't like was the chow. It wasn't good. Another thing we didn't like was getting up at 4 in the morning. While we were down there we won two flags. One was the Star Flag for neatness and barracks inspection and the other flag was the Drill Flag. On January 2nd we had graduation in the drill hall. It was nice if you could stand at attention long enough. After graduation we got our pay and was on our way home." Also winners for the last quarter of October, November and December, in the Division Attendance Contest, which included Thomas Galvani, Jan Thayer and Larry Haas. Also Thomas Brooks, SA, passed his promotion exam for the above rate and was promoted on 24 December.

Moral Re-Armament's film studio on Mackinac Island takes shape as blockwalls (background and right foreground) are erected. Seventy-eight men from 17 countries are giving their services as an on-the-job training program in the ideology of MRA. When completed, the studio will turn out a completely new kind of film in the television field.

HONORED WITH BABY SHOWER

Mrs. Hubert Taylor was the guest of honor at a baby shower given by Mrs. Richard Ames with Mrs. Jack Hull as cohostess at the Ames home on Thursday evening. The fourteen ladies enjoyed a game of pinning a diaper on a doll, which was won by Mrs. Glen Catt, a memory game won by Mrs. Dale Kreger, and third of naming baby ads, which was won by Mrs. Carl Becker. The door prize went to Mrs. Bob Warner. Mrs. Catt, Mrs. Ron Dickerson and Mrs. Ed Kuras were guests from Gaylord. After watching the guest of honor open her many lovely and useful gifts, refreshments of cake, Jello with whipped cream, tea and coffee, were enjoyed by all. The cake was made by Mrs. Dickerson.

Bits O' Talk

Mr. and Mrs. Ted Visnaw left last week on Wednesday to spend the winter months in the St. Petersburg, Florida, area.

We have a new address for Lt. and Mrs. Ted Davenport and family. It is 571 No. Two Whiteside, Ft. Riley, Kansas. The Davenports transferred to Ft. Riley from Ft. Harrison, Ind., after the holidays.

The following is reprinted from "The Land O' Lakes Log," the weekly Cadillac Naval Reserve News bulletin: "The Trainee of the Month is now Thomas Brooks, SA, who made a top on his exam."

Here to attend the funeral of Mrs. Ethel Cooper last week were Mr. and Mrs. Ed Gyde and family and Mr. and Mrs. Merle Cochran of Detroit, Mr. and Mrs. W. D. Griffith and Mrs. Barbara Persia of Flint, Mrs. Lawrence Cooper and family of Bay City, Mr. and Mrs. Russ McGregor and Mr. and Mrs. R. Kitter of Saginaw, Mr. and Mrs. Harold McGregor, Mr. and Mrs. William Elshier and family, and Mrs. Ed Cleary of Rose City, Mr. and Mrs. Roy Reava of Mt. Pleasant, Mr. and Mrs. Doyle Phillips of Grand Rapids, Mr. and Mrs. Richard Reava of Cedar Ar, and Mrs. Lawrence Waite of Midland, Mr. and Mrs. Carl Reich of Mason, and Miss Maude Pillsbury of Lansing.

Those serving as pallbearers at Mrs. Cooper's funeral last week were Holger Hanson, Roy McGivers, Art Cleary, and Mrs. Lawrence Hunter, Al Baginski and Adolph Peterson.

Tuesday Bridge Club met at the home of Mrs. Joseph Stripe last week. Guests were Mrs. Roy Milne and Mrs. Emil Giegling. Prizes were won by Mrs. Leonard Knibbs, first, Mrs. Menno Corwin second and Mrs. Giegling, consolation. Mrs. Ernest Borchers won the traveling prize. Mrs. Dale Pettengill will be hostess to the group on February 8th.

Mr. and Mrs. Les Welch left for Detroit Sunday on business for two days, after which they planned to go on to LaJolla, Calif., on Tuesday to spend two weeks visiting their aunt, uncle, Mr. and Mrs. Penn Holden.

CARD OF THANKS

I want to thank all for their prayers, their visits, gifts, cards and letters of encouragement during my recent illness at Otsego Memorial Hospital, Gaylord. Mrs. Kathryn Glen, Frederic.

...that's our ideal, as PROTECTION AGENTS!

We can't promise to reduce everyone's insurance premiums. But you'd be surprised to know how many times we've done it for clients.

We begin by re-examining present policies. We compare them with more modern policies, available today. (There have been many changes in insurance, during the last 4 years!)

Many, many times, we can consolidate your policies to advantage. Often we can get you theft coverage at little added cost. That's because we are qualified Protection Agents in this community... accredited by the most reputable insurance companies. Care-to-use our services? We're available! © National of Hartford

Always at hand to protect your interests

Twin Bridges

By Author Horrick

Mr. Tillis Gauthier and friend are up to his brothers cabin here up to his brothers cabin here. The Gauthiers and doing some thing. Harvey Gauthier who has me time off this winter from the Bear Archery has been fishing early every day at our own Shule Lake and taking some very good rainbows also perch and one nice sucker 24 inches.

Morey Detting of Ann Arbor is p for a few weeks of hunting abbits and doing some ice fishing while here he is parked at his outhouse up some movies of hunting and fishing in the U. P. which are very interesting.

The George Meybom's of Pinkney are up to their cabin for a few days ice fishing. They fished the Flesher's pond by Hillman and had very good luck getting limits and one day last week they came home with a 11 lb. 38 in. picker. Your reporter took a picture of it.

We of Twin Bridge Road wish to thank our Crawford County Road Commission for the good way they take care of our roads by sanding and snow removal.

The Mack family of Detroit are up to their cabin on Twin Bridge Road for a few days. They purchased one of Paul Loeffler's beautiful stone cabins.

Mr. and Mrs. E. Bollman and son Kenneth and daughter Debra made a trip to Chicago for a couple of weeks vacation while gone our good friend Glen Bunker is taking care of the Standard Station and grocery store, so every body is happy these winter days.

600 club match had to be called off, because no one registered there. The match was also for a 1000. Get ready for handicaps, and other items to be taken care of before the match. Are we going to do the same thing for our city tournament? There has to be a deadline for these events. If it is not observed, there's nothing else to be done except call it off.

In order to get sanction for a special match, the number of players has to be reported to A. C. how prizes are to be distributed and set of rules furnished. At least a week must be allowed for information to get in and sanction issued. That's the reason for deadlines being necessary.

LOCALS

The Jack Alefs moved into their new home on the old dam road west of Grayling last week on Wednesday.

Mr. and Mrs. Lloyd Failing and baby returned to Hart Sunday after spending most of last week here visiting his parents, Mr. and Mrs. Rolla Failing.

Mrs. Frank Bond had an unusual experience last week while visiting the program "This Is Your Life." The program honored Dr. Martin Palmer, of Topeka, Kans. Dr. Palmer was a classmate of Mrs. Bond's in her former home town of Oliver, where they both attended college. Dr. Martin was at that time a student who participated in nearly all of the school activities, and it was there he became interested in and took his doctorate in speech correction.

Life established the first school for teaching speech-defect remedies at college, and later opened his now-famous clinic at Wichita, Kans. Several of the doctor's former friends appearing on the program were also in the audience. Mrs. Bond's, so it was like renewing their acquaintance for her as well.

For Stampify TV phone 5221, or Grayling Oil Co. 3421.

Mrs. Amos Hunter, Mrs. George Stephan and Mrs. Wilfred Laurant and daughter Cindy drove to Bay City Sunday to visit the former's son and family the Rex Hunters, for the day. Wilfred Laurant is employed in Milwaukee, Wisconsin, having gone there after the holidays.

Rites At West Branch
For Leo L. White

Funeral services were held January 13th at the St. Ignace Chapel for Leo L. White of West Branch, who passed away at St. Ignace Memorial Hospital, January 11th.

Mr. White who has been a resident of West Branch for the past eight years, was a school supply salesman and an organizer of service clubs and resided on Carpenter street at the time of his death.

He was born in Fairfield, Michigan on January 22, 1889 and was united in marriage to Adrian, Michigan on November 20, 1915.

He was a life member and Past Master of the Masonic Lodge, F. & A. M. No. 19, Adrian and of the Valley of Detroit Consistory.

He is survived by his wife Lillian, a daughter Mrs. Joyce Gilbert of Ramsey, New York, a brother Harry of Grosse Pointe and two grandchildren.

The Rev. H. A. Pellet officiated at the services and burial was in Brookside Cemetery.

Mrs. White was formerly Lillie M. McLeod. She grew up in Grayling, finished her school years here and several of her relatives and friends reside here.

How Strong Is A Chain?

What do a town and a chain have in common?

All of us know the truth of that old phrase - "a chain is as strong as its weakest link."

And what is true of a chain, holds true for a community.

Some towns seldom seem to get anywhere in attracting industry, while others seem to prosper to have no more to offer in the way of industrial opportunity, location or physical assets, seem to move ahead and prosper.

Close examination usually tells the story of the latter.

Town that moves ahead is the one that keeps working to replace its weak links with strong ones.

In order to be attractive to industry, a town must have a friendly and cooperative attitude toward the industry it already possesses.

That's a strong link. When it comes to attracting new industry there is nothing like having a record for willingness to lend a helping hand when industry in the town needs it.

A good town for industry is usually the town that has good schools, hospitals and other facilities that mean a good place to live. It is a town where the people work together to keep it a warm and friendly place.

To have a growing, prosperous and live-community, all its parts must be strong and cooperative. The factors which make up its appeal to industry must have continual attention by community leaders and others.

The need for each community to correct weaknesses that may prevent it from prospering is the theme of an advertisement "A Chain Is As Strong As" which appears in today's issue of The Crawford County Avalanche. It is another link in a series of industrial development advertisements sponsored by the Michigan Press Association and the Michigan Economic Development Department which appears in today's newspaper.

More than 300 other Michigan newspapers as a public service.

Canoe Race

(Continued from Page 1)

named Oscoda Finish line chair. An innovation in starting procedures may be effected in the future. The committee will consider time trials as a means of positioning canoe teams for the contest.

Commercial advertising may be banned for canoe races, in another rule change to be acted on during later organizational meetings.

Guests at the meeting included Lt. Colonel Clare Royce and Lt. Colonel and Mrs. John Allen, representing Wurtsmith Air Force Base. Robert Foreman, manager of the Rifle River Canoe Race, who showed a 30-minute movie of the AuSable River race and officers of the Michigan Canoe Racing Association attended in an official capacity.

Honored guests included World's Canoe Champions Jerry Wurtz and Ralph Sawyer of Oscoda, and Osoda and AuSable Township Fire Commissioners Charles Hans and Howard Mackenzie. Harry Curley, a veteran organizer of 12 canoe races and a guiding light in the Volunteer Firemen's sponsorship of the race, arranged the meeting, the excellent dinner and entertainment, and sat as a voting member of the committee for organization and formulation of plans.

Chap
